

lisbon **stroke summit**

April 6 - 7 2018

Pestana Palace Hotel

PROGRAMME

www.lisbonstrokesummit.com

Dear Friends and Colleagues,

It is our pleasure and privilege to welcome you to the Lisbon Stroke Summit.

The organization aims to create a great scientific and networking success by providing a platform for international experts to discuss and compare experiences in cohesive and comprehensive sessions. Lisbon Stroke Summit enables participants to have the chance to benefit from scientific exchange during the formal activities. It is also an opportunity to participants to debate and discuss unresolved issues, highlight difficult clinical cases and discuss up-to-date scientific information essential to improve Stroke care.

Enjoy this international debate on the state of the art in acute stroke!

Victor Urrutia

Johns Hopkins Medicine, Baltimore, USA

07:30h **Secretariat opening**

08:30-09:30h **PROS & CONS SESSION: SOME DILEMMAS TO START!**

Cerebral venous thrombosis: Go for early EVT? (30')

HOSTS: Ana Paiva Nunes & Gustavo Santo

PROS: Diana Aguiar // CONS: Jonathan Coutinho

Neurointervention: Should we specialize in stroke only? (30')

HOSTS: Ana Paiva Nunes & Gustavo Santo

PROS: João Pinho // CONS: Raul Nogueira

09:30-10:00h **Coffee Break**

10:00-10:30h **"GO AHEAD, MAKE MY DAY": OFFICIAL WELCOME**

10:30-11:15h **TAKING TO THE LIMIT: ON CUTTING EDGE**

"Beyond Guidelines" on stroke treatment

Jeffrey Saver

11:15-12:15h **PROS & CONS SESSION: UP TO SNUFF**

How much is too much? Should we exclude patients with ASPECTS < 5 from EVT? (30')

HOSTS: Elsa Azevedo & Isabel Fragata

PROS: Mayank Goyal // CONS: João Reis

How low should we go? Can we perform EVT in patients with LVO and low NIHSS? (30')

HOSTS: Elsa Azevedo & Isabel Fragata

PROS: Laurent Pierot // CONS: Lia Neto

12:15-13:15h **SPONSORED LUNCH SYMPOSIUM**

Understanding and treating stroke: The unique role of rivaroxaban

CHAIRMAN: Cândida Fonseca

SPEAKER: Alexandre Amaral e Silva

- 13:30-14:30h **PROS & CONS SESSION: A MATTER OF TIME AND PLACE**
Time: Is there a place for IV rtPA in unknown TLSW stroke?
HOSTS: Sofia Galego & Jaime Pamplona
PROS: João Sargento Freitas // CONS: Andrew Demchuck
Place: Should we treat distal occlusions with EVT?
HOSTS: Sofia Galego & Jaime Pamplona
PROS: Ângelo Carneiro // CONS: Juan Macho
- 14:30-15:00h **Coffee Break**
- 15:00-16:00h **A MOST DIFFICULT CASE – "HOUSTON WE HAVE A PROBLEM"**
Expert multidisciplinary roundtable to discuss challenging cases in stroke
CASE 1 (30')
CASE 2 (30')
NRL: João Alcântara
INTERNIST: Patrícia Ferreira
NRI: Rui Carvalho
- 16:00-16:45h **Coffee Break**
- 16:45-17:45h **A MOST DIFFICULT CASE – "HOUSTON WE HAVE A PROBLEM"**
Expert multidisciplinary roundtable to discuss challenging cases in stroke
CASE 3 (30')
CASE 4 (30')
NRL: Miguel Rodrigues
INTERNIST: Teresa Cardoso
NRI: José Manuel Amorim
- 17:45-18:45h **TRANSLATIONAL STROKE: FROM LABORATORY DISCOVERIES TO CLINICAL UTILITY**
Marc Fisher
BIOMARKERS IN ACUTE STROKE
Joan Montaner
LOGISTICS OF STROKE CARE: TELEPHONES, AMBULANCES AND HELICOPTERS?
Victor Urrutia

07:30h **Secretariat opening**

08:30-09:30h **A MOST DIFFICULT CASE – "HOUSTON WE HAVE A PROBLEM"**
Expert multidisciplinary roundtable to discuss challenging cases in stroke
CASE 5 (30')
CASE 6 (30')
NRL: Manuel Manita
INTERNIST: Luísa Rebocho
NRI: Ricardo Veiga

09:30-09:45h **Coffee Break**

09:45-10:30h **TAKING TO THE LIMIT: ON CUTTING EDGE**
Evidence-base stroke treatment
Louis Caplan

10:30-11:00h **NEWS FROM A "FARAWAY" LAND: STROKE TREATMENT IN THE ISLANDS OF PORTUGAL**
HOST: Alexandre Amaral e Silva
MADEIRA: Rafael Freitas (10')
AÇORES: Paulo Ávila (10')
Discussion (10')

11:00-11:40h **SIGNIFICANCE OF CLOT PROPERTIES IN MECHANICAL THROMBECTOMY**
Mahmood Mirza

11:40-12:40h **A MOST DIFFICULT CASE – "HOUSTON WE HAVE A PROBLEM"**
Expert multidisciplinary roundtable to discuss challenging cases in stroke
CASE 7 (30')
CASE 8 (30')
NRL: Bruno Maia
INTERNIST: Luísa Fonseca
NRI: Jaime Rocha

12:40-13:40h

Daiichi-Sankyo

SPONSORED LUNCH SYMPOSIUM**Safety considerations in anticoagulation – The stroke unit perspective**

HOST: Ana Paiva Nunes

NRL: João sargento Freitas

14:00-14:30h

WRITING AND REVIEWING IN STROKE

Marc Fisher

14:30-15:30h

PROS & CONS SESSION: EENY, MEENY, MINY, MOE**Patient selection for EVT? Advanced imaging vs direct to angio suite (30')**

HOSTS: Jorge Campos & Catarina Fonseca

ADVANCED IMAGING: Maarten G. Lansberg

STRAIGHT TO THE ANGIO SUITE: Raul Nogueira

Clinical imaging mismatch vs Perfusion imaging mismatch (30')

HOSTS: Jorge Campos & Catarina Fonseca

CLINICAL: Victor Urrutia

PERFUSION: Richard Leigh

15:30-16:00h

Coffee Break

16:00-16:30h

"ELEMENTARY, MY DEAR WATSON" – TOP 5 POSTERS

17:00h

"Shoot out the lights" – Closing Remarks
